

ART FLEX

ART FLEX is a heat shrinking tube made of polyolefin. Polyolefin tube is used as a lagging material for electric cables. In cooperation with Sumitomo Electric Fine Polymer, Inc., we have made special colors for glasses.

Color variation

Standard colors

- H-01 Clear
- H-02 Black
- H-03 Blue
- H-04 Green
- H-05 Yellow
- H-06 Orange
- H-07 Red

Size A (2.1/0.8)

Size B (3.5/1.2)

Eurovision special colors

- E-001 Smoke
- E-002 Navy
- E-003 Pink
- E-004 Moss green
- E-005 Honey
- E-006 Brown

Stripe colors

- SC-01 Clear red
- SC-02 Clear blue
- SC-03 Clear black
- SN-01 White red
- SN-02 White blue
- SN-03 White black

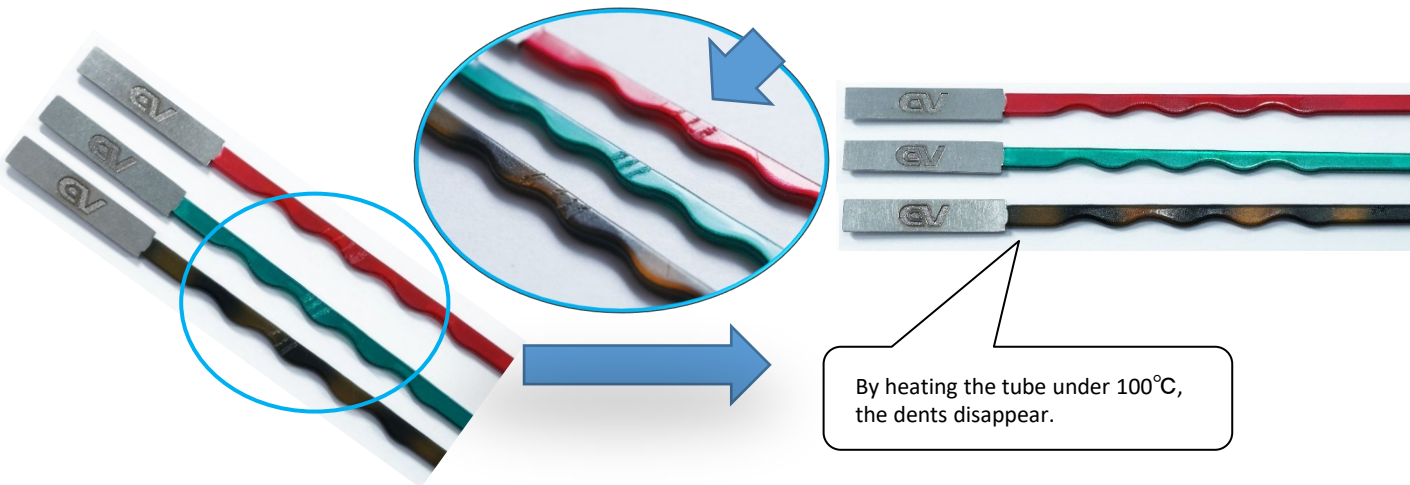

Size

ART FLEX is available in 2 sizes.
Please choose the one that fits your temples.

	Before shrinkage (mm)		After shrinkage (mm)	
	Internal diameter	Wall thickness	Internal diameter	Wall thickness
Size A	2.10±0.30	0.20	0.80	0.40±0.10
Size B	3.50±0.30	0.20	1.20	0.40±0.10

Back to original shape

ART FLEX is a tube-shaped polyolefin which shrinks properly under the temperature of approximately 100 °C. Even if the tube gets dents, you can make it back to its original shape by heating.
Attention: If you cut the tube, it cannot be fixed.

By heating the tube under 100°C, the dents disappear.
