

# EV Mail News September and October Edition

## Handmade “Free” prototype for your new project!!

For new inquiry by the end of August,  
we can provide a hand made prototype for free of charge.

Have you ever felt any inconvenience for acetate material purchase?  
We have 172 standard colors which the material is kept in stock. Furthermore, we  
introduce 20 new colors once every year.

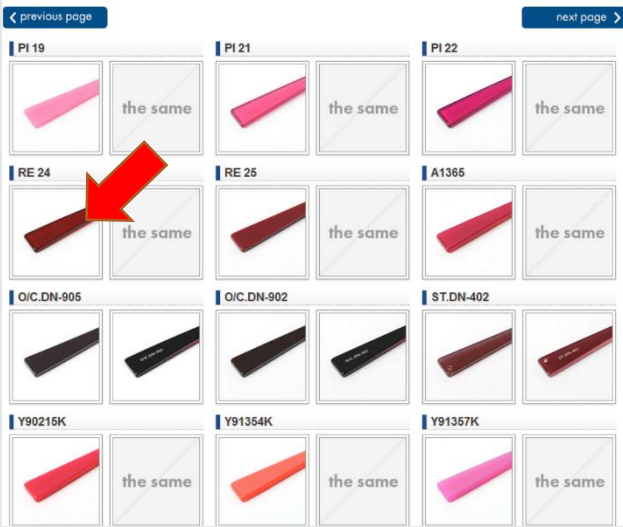

[www.eurovision.co.jp](http://www.eurovision.co.jp)

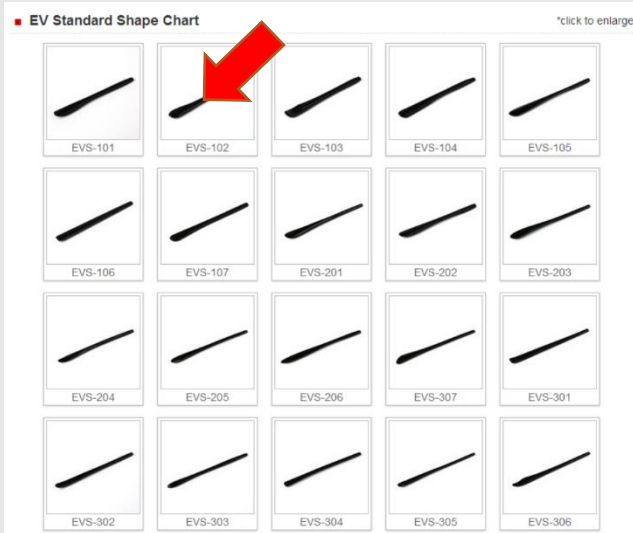

You can check all the colors by “click” .

Sole agent in Japan **EV EURO VISION CO.,LTD.**

In order to avoid **any tooling charge**, we have 20 standard tips. The hole shape and size can be modified according to your temple. The prototype is also possible.

You can get necessary info to consider necessary modification for the standard tips.

■ Measurement Limitation of EV Standard End Tips
