

Ceramic Temple-end Decoration

Ceramic(Zirconium oxide) decoration makes a frame fancy and differentiates it from others.

Moreover, it works as a balancer to make the frame more comfortable. We use a special glue that complies with REACH regulations.

4 important features

- 1) Is non allergenic
- 2) Does not absorb oil from the skin or any other cosmetic grease.
- 3) Does not breed bacteria
- 4) Does not contain harmful substances
