

TPA (Titanium Pad Arm)

We have 5 Standard Design Variations (Embedded type, 2 U-Shape, 2 Gooseneck-Shape) of pad arms.

PVD colors are available in Embedded type only.

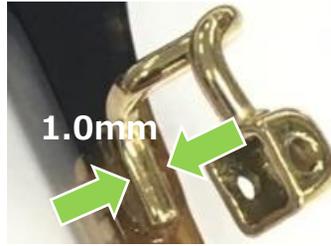

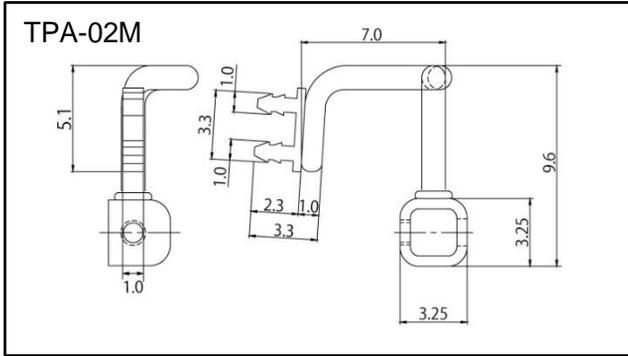

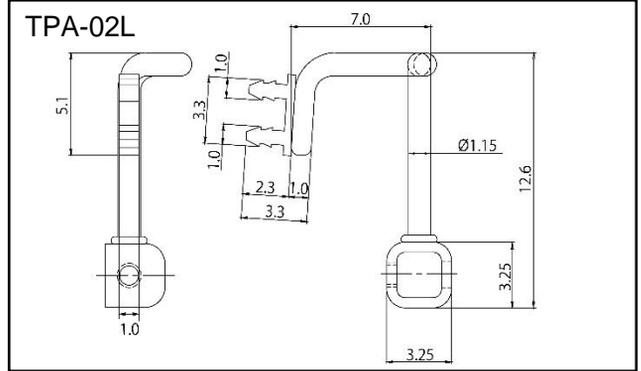

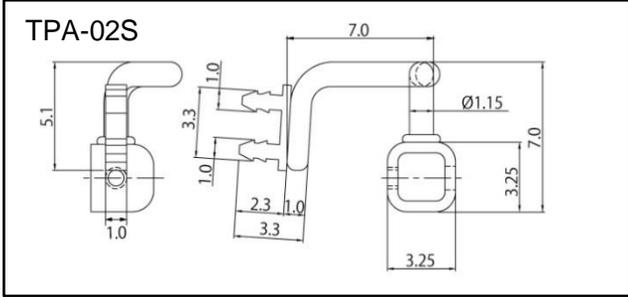

5 Standard Design Variations

Material: Titanium

M1.0 and M1.2 are available in all types.
The box is the same size in all types.

Embedded type

The front of the frame can be designed to be thin because the width is "just 1.0mm thin" as shown in the picture below.

Color Variations

PVD colors are available.

Raw
(material color)

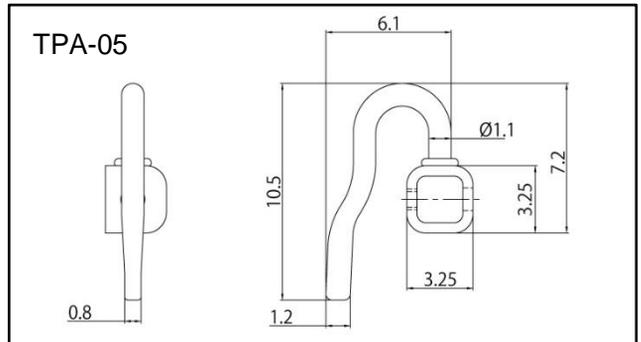

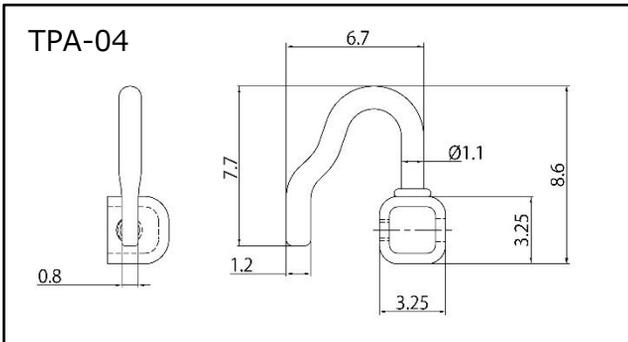

Gold
(PVD)

Black
(PVD)
