

Rivet Hinge (Front side)

Rivet hinge often bothers developers because it can have a too wide variety of different hinge width, barrels, inclinations and so on. Therefore, we would like to recommend our customers to find suitable hinges for your frames from our standard rivet hinges.

***We are also able to produce customized products.**

Front Side Hinge (7 types)

Rivet Hinge

RHF33200B

Screw type : M1.4
 Hinge width : 3.0mm
 Barrels : 1
 Inclination : 0°
 Rivet holes : 2

RHF35200B

Screw type : M1.4
 Hinge width : 5.0mm
 Barrels : 1
 Inclination : 0°
 Rivet holes : 2

RHF55200B

Screw type : M1.4
 Hinge width : 5.0mm
 Barrels : 2
 Inclination : 0°
 Rivet holes : 2

RHF55300B

Screw type : M1.4
 Hinge width : 5.0mm
 Barrels : 2
 Inclination : 0°
 Rivet holes : 3
