Wire Core to SHOW vol.2

In addition...

MOQ: from 300 pairs
Decide the length!

Now "Wire core to SHOW" is well received. 3 new models have been added to the series and there are now 10 models including the existing 7 models. Regarding the following 3 models, we adopted a custom order. You can decide the length of the wire core freely within 150mm. The MOQ is from 300 pairs and it is easy to order. Nickel plating and soldering hinges are also available. We will gradually adopt the custom order for the existing DC-001 to DC-007 models as well.

DC-008

DC-009

DC-010

**Please let us know the following options
when you order the wire cores.**

1. The length of the wire cores (within 150mm)
2. Nickel plating: with or without
3. Hinges: with or without

Note: we have various hinges. Please freely contact us.

Please feel free to contact us for questions at euro@eurovision.co.jp
