

Air Comfort Pad

We have added a new pad to the silicone pad series! It is filled with air that makes it soft and comfortable to wear. The pad is completely enclosed so water or other liquids do not get into the pad. We are offering three types: with metal inlay, with foil stamping, and without pattern.

ACP-01J-A (Silver)

ACP-01J-B (Gold)

3 Standard types

Material: silicone

ACP-01J-A (with metal inlay)

Gold

Silver

Gunmetal

ACP-01J-B (with foil stamping)
